

Mostafa Kazemi

Senior Frontend Engineer

Istanbul, Turkiye | Open to Remote Worldwide | mostafa.kazeminejhad@gmail.com | +989183446857 | mostafakazemi.com | github.com/mostafakazemi | linkedin.com/in/mostafa-kazeminejad-70aba2237/

SUMMARY

Senior Frontend Engineer with 6+ years of experience building scalable web applications, browser extensions, design systems, and modern frontend architectures.

Experienced in React, Next.js, Vue, Nuxt.js, TypeScript, frontend performance optimization, reusable component systems, and browser extension development.

Worked remotely with international teams and contributed to production systems used by thousands of users.

Strong background in frontend architecture, testing, state management, developer tooling, maintainable codebases, and performance-focused UI engineering.

Open to remote contract, freelance, and long-term engineering opportunities.

SKILLS

Frontend: React, Next.js, Vue.js, Nuxt.js, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS

State Management: Redux, Redux Toolkit, Pinia

Testing: Cypress, Playwright, Vitest, Jest

Tooling: Vite, Webpack, Storybook, pnpm, Git

Architecture: Design Systems, Component Libraries, Frontend Architecture, Browser Extensions, REST APIs, Performance Optimization

EXPERIENCE

Senior Frontend Developer - Sazito

Jun 2022 - Present | Part-time

- Developed and maintained large-scale React and Next.js applications.
- Built reusable frontend components and scalable UI systems.
- Improved performance, maintainability, and developer experience.
- Worked with TypeScript, Redux, and modern frontend tooling.

Frontend Engineer - Jack Westin (Remote)

Jun 2022 - Present

- Built and maintained Vue.js and Nuxt.js applications.
- Developed Chrome Extension products and browser-integrated experiences.
- Contributed to reusable UI libraries and design systems.
- Worked on frontend architecture, testing, and performance optimization.
- Collaborated remotely with international teams.

Frontend Developer - Chamedoon

Apr 2020 - Jun 2022

- Developed production frontend features.
- Improved application performance and user experience.
- Worked closely with backend and product teams.

EDUCATION

University of Ilam - Bachelor of Software Engineering. Graduated: 2012

PROJECT HIGHLIGHTS

Jack Westin

- Public-facing educational platform.
- Vue.js / Nuxt.js applications.
- Browser extension development.
- Component libraries and frontend architecture.

AAMC Chrome Extension

- Vue 3
- TypeScript
- Browser Extensions
- Shadow DOM
- State Management
- Analytics Integration

Sazito

- React
- Next.js
- E-commerce Platform
- Reusable UI Systems
- Frontend Architecture
